

It's time to choose your thread colors.

For the differently colored areas of your logo, please choose from the colors below. Reference each color by its number. Each number corresponds to a thread spool of that color, which we will keep on file for the use of your logo in the future.

While every attempt is made to reproduce thread colors accurately in this PDF provided by Madeira, the #1 thread choice in the industry, colors on your monitor or print out may not precisely match the actual thread colors as if you were to choose them in person. We can match PMS colors with thread colors if you have them available.

All colors below are available for you to choose for your logo. We stock every color.

Please see the last page of this PDF for your next step after choosing your colors and for more information about your color choice options.

The Basics...

The 15 thread colors below are the most widely used. They are listed here at the top for easy reference and are listed below in the master list as well.

POLYNEON 100% polyester

While every attempt is made to reproduce thread colors accurately, colors on your monitor or print out may not precisely match actual thread colors.

POLYNEON 100% polyester

While every attempt is made to reproduce thread colors accurately, colors on your monitor or print out may not precisely match actual thread colors.

POLYNEON 100% polyester

Due to its resistance to *Chlorine, POLYNEON is the ideal embroidery thread for items with frequent staining or requiring frequent or heavy duty washing/laundry. Recommended for sportswear, swimwear, children's wear, and workwear.

*Recommendations for chlorine treatment: active chlorine: maximum 30°C/86° F
time of treatment: maximum 30 minutes.

WASHING INSTRUCTIONS:

Never leave damp embroidered items folded or pressed together. Do not tumble dry unless the item has been thoroughly rinsed.

max. 20g CL/l
max. 30°C/86°F • max. 30 min

***** ATTENTION *****

Golf Locker guarantees our machine embroidery thread according to the specifications and washing instructions given. Please note these instructions and specifications before attempting to launder, dry clean, press, etc. any embroidered article. As we have no control over such applications, Golf Locker cannot be held responsible for any damages which could occur if our instructions and specifications are not followed.

More Information. Please read.

Included in your free logo setup is one sample sew-out with the initial colors that you choose. We will email you a photo of the sample sew-out after you have emailed us your thread color choice(s). If you decide to change colors after seeing the photo sample, there will be a \$15 fee for each color change sample sew-out.

Please be aware that the thread colors of the final product may not precisely match the photo that we email to you due to the limitations of lighting, printer capabilities, fabric makeup and color or computer/phone screens. Due to these limitations, Golf Locker cannot be responsible for slight variations in thread colors of the final product compared to the appearance of the colors in the photos that we email to you of your sample sew-out.

If you would like to view the sample sew-out in person to approve your chosen thread colors, we can UPS/FedEx you the sample sew-out for a \$10 fee. Please note that this will delay the overall order completion process by 7-10 business days per sample. However, this is the best way to ensure your thread colors are exactly as you desire them to look.

Your Next Step.

After you've chosen your desired thread color(s) based on the charts above for each different color(s) in your logo, please email the color numbers per color area of your logo to custom@golflocker.com. Please be sure to reference the corresponding number beside each color above for each differently colored area of your logo.

Thank you for choosing Golf Locker for your customization needs.
